

Designed for removable panels,  
the award winning Fastmount  
hidden mounting system  
delivers a flawless finish with  
perfect alignment everytime.

Setting the standard for panel mounting

# PERFECT PANEL MOUNTING

The secret to Fastmount™ is the unique set of design registered interchangeable clips ideal for secure fastening. With Fastmount, panels can be easily removed and refitted in any sequence, time after time.

Combining speed, versatility and accuracy, the Fastmount system enables designers, installers and contractors to re-think the paneling process.

Fastmount is designed to perform on sea, land and in the air. Applications of use only limited by your imagination and common sense.

## BENEFITS

- No visible fixings
- Eliminates panel damage – install panels during final build stages
- Variety of mounting options – self tapping, glue and screw fix
- Allows for panel flex and expansion
- Provides cavities for services and enhanced acoustics

## APPLICATIONS

- Ceilings, walls, feature panels and upholstery
- Access, inspection and ventilation panels
- Interior and selected exterior applications
- Upholstered, painted, prefinished and composite panels
- Mounts into a wide variety of substrates  
e.g. GRP, composite, honeycomb
- New build, re-fit and upgrades

For efficient installation and optimal performance, the Fastmount system includes technical support, installation and removal tools.
